## A Wonderful Display of Attractive Summer Curtains and Hangings.

The return, or rather the revival, of the delightful old-fashioned types of home-furnishing and decorating has decreed that all well kept homes have hangings at their windows and doors during the summer. And this does not mean, as some may think, that it will make the house warm. To the contrary we believe it will add coolness and furnish a screen from the glare of the summer's hot sun.

Newtone Curtains are made of sheer white voiles and marquisette in several dainty summer styles that will hang full and gracefully at your windows; some are plain hemstitched and others trimmed with pretty laces; all are made with balance.

Plain Hemstitched Voile Curtains, cream and white; 2 1/2 yards long, \$1.00 pair.

Voile Curtains, some plain and others with lace edge, insertions and medallion trimmings. \$1.50 to \$6.00 pr.

Madras Curtains, plain ecru, in neat designs. \$1.00, \$1.50 and \$2.00 pair.

## You Are Invited to See How the Silver-Clean Pan Is Used.

It is as easy and rapid to clean silver with the Silver Clean Pan as it is to wash a teacup. There is no rubbing, you simply submerge the silver to be cleaned in the solution; no injury. Sizes for all uses.

## A Good Refrigerator Should Be in Every Home.

When buying a Refrigerator do not forget that the goodness of it is on the inside and not on the outside. Plenty of them look well as a piece of furniture, but give decidedly poor refrigeration, consequently do not keep your foods fresh and pure.

## BIG INFANTRY BATTLES ON FAR EASTERN FRONT

Russians and Turks Both Claim Victories in Caucasus and Mesopotamia.

LONDON, May 15.—The severest infantry fighting on any of the fronts is taking place in the Caucasus and Mesopotamia, according to official statements issued both at Petrograd and Constantinople.

Petrograd claims that in the direction of Baku the Russians everywhere repulsed attacks by the Turks, who suffered heavy losses. The official statement continues:

### Russians Admit Retreat.

"In the direction of Erzurum and in the region of Aschikah the Turks, having concentrated in considerable forces, assumed the offensive, and after a desperate fight, lasting the whole day, compelled our advance guards to retire in some places. Finally, however, they ceased the offensive, owing to the extremely heavy losses inflicted by our fire.

"In the direction of Mosul our troops in Mesopotamia have occupied the Rowanduz region, where they defeated enemy detachments which, during their precipitate retreat, abandoned three guns and some war material."

### Russian Attacks Repulsed.

Constantinople says that in the sector of Kope, northwest of Erzurum, the Russians renewed their offensive with a series of violent attacks, with the object of recapturing lost positions on the Kope mountains and at Bakti, but were everywhere repulsed. The retreating Russians suffered terribly from artillery fire, the statement says.

### Relief Committee Auxiliary Elects.

The ladies' auxiliary of the German-American relief committee, at the general meeting, has elected the following as officers for the next term: Mrs. M. Linzbach, president; Mrs. C. Kirsche, first vice president; Mrs. Emma Hammett, second vice president; Mrs. Marie Bille, third vice president; Mrs. D. W. Bontcher, secretary; Miss Eva Linzbach, financial secretary; Mrs. Catharina Bauer, treasurer.

## SCENERY HAS ARRIVED FOR OPERA "MARTHA"

Community Singing Society Will Begin Full Dress Rehearsals This Week.

FLORENCE STEFFENS.

Special scenery for the Community Singing Society's municipally produced opera, "Martha," arrived today and will be set up in the Belasco Theater in time for the special series of dress rehearsals of the four acts of the opera the latter part of this week. The costumes are expected tomorrow or next day, and when they have been properly fitted there will be a special costume rehearsal.

"The production of 'Martha' by the Community Singing Society next week will be out of the ordinary in several particulars. An important feature is that the whole opera will be produced. 'Martha' hasn't been produced in its entirety in Washington for more than a quarter of a century.

The Community Singers will produce the entire opera with its four principal roles. The reason the Community Singers are doing the whole opera is that the chorus of eighty and the unusually large number of concert soloists who have offered their services have made it possible to select two casts.

There is probably no opera that makes such demands on its four principals as "Martha." In each act they are on the stage most of the time and their solo and quartet numbers are especially fine. Miss Florence Steffens is to sing the part of Nancy, the contralto, at one of the performances, and perhaps two.

### FOR OLD AGE PENSIONS.

**Representative London Advocates System at Synagogue Meeting.**

Representative Max London of New York delivered an address at Adas Israel Synagogue yesterday at a mass meeting called to raise funds to purchase a building for the Hebrew Home for the Aged at 415 M street northwest, in which he advocated an old age pension system for the United States similar to that in other countries. Mr. London declared that a citizen who has given his life to industrial pursuits as is deserving of government help as is one soldier or sailor who has given his life to the country.

A campaign for the purchase of a home for the aged is being conducted by a committee composed of S. Robbin, chairman; P. Berman, vice chairman; M. Leinson, secretary, and S. Konigsberg, treasurer. The board of trustees is composed of D. Danzansky, president; M. Korman and B. Hayman.

McCall of Massachusetts. Mr. Forest and his machine were accompanied to the White House by an escort of the District National Guard, headed by Color Sergt. C. W. Moore of the 3d Infantry. **INTERESTED IN BARRETT PLAN.**

Local Clubs Favor Women's Pan-American Congress in 1920.

The plan advanced by John Barrett, director general of the Pan-American Union, for the gathering of women from each of the American republics at a pan-American congress to be held in Washington or New York in 1920, has aroused keen interest among club women of the National Capital.

Mr. Barrett's proposal, as voiced before the New Jersey Federation of Women's Clubs in annual session at Ocean Grove, N. J., has been endorsed by Mrs. Percy V. Pennsylvaker, president of the National Federation of Women's Clubs, who also suggests that the conference be held in Havana, Cuba, in 1920.

Mr. Barrett paid a high tribute to the moral character and intellectual attainments of the women of Latin America, declaring that the women were highly educated and that the divorce evil was practically unknown. "There are more divorces in Chicago," he said, "than in Argentina in eighteen years," he asserted.

The duo-continental feminine convention was brought up at the pan-American scientific congress during its sessions here the first of the year, and the plan was given impetus by wives of attending delegates. Many Washington women then endorsed the plan.
